**ROCKY, ROSY GREETING**—Soviet Deputy Premier Anastas I. Mikoyan got both a warm and cold reception in Cleveland where he was the guest of industrialist Cyrus Eaton. Eaton (top, left) and his wife greeted Mikoyan (second from right) and escorted him on a tour of an electric plant and Eaton's farm. While Mikoyan was addressing civic and business leaders in the city's Union club, pickets (below) showed Mikoyan what they thought of him.

## Filibuster Fuss Near Compromise

WASHINGTON (AP)—Compromise forces guided by Majority Leader Lyndon B. Johnson (D-Tex) held a firm upper hand today in the Senate battle over making it easier to choke off filibusters.

They won a lopsided 60-36 vote Friday in a first test of strength when antifilibuster forces tried to establish that each new Senate has the right to adopt its own rules without regard to prior rules.

But senators demanding a tighter curb on filibustering than Johnson has proposed kept on fighting.

Sen. Paul H. Douglas (D-Ill.), who denounced Johnson's proposal as "a fake," offered a substitute that would permit filibusters to be halted by 50 votes, or a majority of all 98 senators, after 15 days.

Under Johnson's compromise, talktests could be shut off and issues forced to a vote by two-thirds of the senators present and voting. The existing rule requires the votes of 66 senators, or two-thirds of the entire membership.

Douglas contended that the difference between Johnson's proposal and the present rule is so minor that it could be detected "only with a powerful magnifying glass."

The substitute offered by Douglas for a bipartisan bloc of Northern and Western senators will come up for a vote Monday.

Debate on it and other proposed amendments will be limited to two hours each under an unanimous agreement reached late Friday before the Senate recessed for the weekend. An additional four hours of general debate will be permitted before final action.

Backers of Douglas' proposal for debate-limitation by majority vote said privately they foresaw scant prospects for victory. But they were more hopeful about the chances for another amendment to permit filibusters to be halted by three-fifths of the senators present and voting.

The outgoing chief executive, C. William O'Neill, moved from the mansion Wednesday with his family and took up residence in a Columbus apartment.

Mrs. DiSalle after looking over the mansion, commented: "This is going to be the craziest house."

She referred to what she called "a mob" of relatives—33 in all—who will arrive here for the DiSalle inauguration.

The mansion was in readiness to receive the three DiSalle grandchildren who will arrive with their parents. Scattered about the spacious living quarters were a small baby seat, three highchairs, and cribs in three of the eight bedrooms.

A newsman asked DiSalle, in reference to the mansion: "Think you'll take it?"

"I've got to now," DiSalle shot back, humorously.

## Ray O'Neal, 65, Victim Of Gunshot

Ray O'Neal, 65, of 900 S. Court St., died at about 6 p. m. yesterday in his home from a self-inflicted pistol wound.

The death was ruled suicide by Dr. Ray Carroll, Pickaway County Coroner. O'Neal was found by his wife, Eula, at 5:30 p. m. when she returned home from work. He was on the floor of his den.

City Police Sgt. Leroy Hawks and Patrolman Fred Vogt said the shot came from an automatic pistol which was found near O'Neal's right hand.

Sgt. Hawks said two shots had been fired from the gun, one going through the floor of the den. The fatal bullet struck O'Neal near the right ear and passed through the left side of the forehead.

According to Mrs. O'Neal's statement to police, her husband had been worried for some time concerning failing eye sight. He was a retired Ralston Purina truck driver, compiling an outstanding record with the firm's transportation department during 15 years of service.

SGT. HAWKS said the victim was still alive when Mrs. O'Neal found him. She immediately summoned a doctor who arrived a few minutes later.

Sgt. Hawks contacted the London Bureau of Criminal Investigation which dispatched Agent Steve Molnar to conduct an investigation. Molnar said a check would be made on the gun involved to determine whether or not the bullet came from the weapon.

O'Neal was born Sept. 28, 1893, in Hardinsburg, Ind., a son of Colman and Angie Rippey O'Neal. His father is deceased and his mother resides in Indiana.

He was married twice, first to Edith Sherwood O'Neal who died in 1926. In 1938 he married Eula Dowden O'Neal who survives.

Other survivors are two sons, George R. O'Neal, Dayton, and Harold S. O'Neal, Orleans, Ind.; a daughter, Mrs. Doris Fortner, Westerville; three grandchildren; and two sisters, Mrs. Hattie Fortner, Ashville, and Mrs. Myrtle Greenlee, Columbus.

Funeral services will be at 2:30 p. m. Monday in the Deffenbaugh Funeral Home, with Rev. Carl Zehner officiating. Burial will be in Forest Cemetery.

Friends may call at the funeral home after 3 p. m. Sunday.

## Castro Chides U.S. for Aid To Dictators

But Rebel Chieftain Happy America Has Recognized His Regime

HAVANA, Cuba (AP)—Fidel Castro said today he is sympathetic toward the people of the United States but he complained that the U.S. government armed dictators.

Pointing to tanks seized from fallen dictator Fulgencio Batista, Castro said Washington supplied them "and did not worry about our democratic feelings."

The rebel leader added at a news conference, "I must recognize that the United States in the last year did not send arms to Batista. Now the United States has recognized us and we are glad."

All weapons shipments from the United States to Cuba were halted during the latter part of Castro's guerrilla war against Batista's forces. On Wednesday Washington recognized the government of Provisional President Manuel Urrutia, whom Castro installed in office.

Castro said two or three dozen persons have been executed since he won. "Those who have been executed in eastern Cuba had abused the people," he said. "They all got trials in military courts."

Castro met newsmen after a leader of a separate rebel group asked checks on the power of Urrutia's government.

Castro publicly criticized him as a troublemaker, ostensibly because his group seized some arms earlier this week.

Faure Chaumont, a leader of the student-backed revolutionary directorate, wants a legislative group organized to prevent one-man rule during the provisional period.

Provisional President Manuel Urrutia, whom Castro installed, dissolved Congress Tuesday on the ground it was packed with supporters of fallen dictator Fulgencio Batista.

Chaumont also said Friday the directorate wanted free elections within a year instead of the 18 to 24 months that Urrutia and Castro have said would be needed to get Cuba back on an even keel.

Chaumont had maintained earlier that the directorate was not getting a voice in the government equal to what he claimed was its part in overthrowing Batista. Two members of Urrutia's Cabinet are members of the directorate, which consists mainly of students plus some backers of former President Carlos Prío Socarrás, a Castro supporter.

In a television speech Friday night, Castro blasted Chaumont as the man "responsible for the problems we have now" in setting up the new government.

In spite of the squabbling, Castro's enormous popularity is expected certain to help him resolve the disputes and bring the nation together. Further government appointments might placate the directorate.

**Fast Shooter's Draw Too Slow**

LEXINGTON, Ky. (AP)—Bruce Back may not draw fast, but he sure shoots fast.

That's the trouble. The 23-year-old quick-draw practitioner was hospitalized Friday for the second time within a year for a bullet wound in the right leg.

## Democrats Plan To Push Own Program in Congress

Democratic congressional leaders made it clear today they plan to whip through their own legislative proposals.

Although Eisenhower will not spell out publicly the details of his proposals until his Jan. 19 budget message, Democrats generally complained his State of the Union report Friday lacked the bold approach they contend is needed to meet swiftly mounting world problems.

Sen. John F. Kennedy (D-Mass) summed up the viewpoint of many of his colleagues when he said: "I don't think the President has recognized the intensity of the problems crowding in on us, especially in the field of national defense. We are approaching the period when the Soviets will have operational intercontinental missiles and we will not. I regret his failure to meet this situation."

Sen. Hubert Humphrey (D-Minn) said Eisenhower had failed to come up with any new ideas in quest for world peace. Humphrey said "it appears the Senate will be required to take the initiative in the field of foreign policy proposals."

Sen. Paul H. Douglas (D-Ill.), in line to head the Senate House Economic Committee, said Eisenhower "left untouched the biggest domestic problem of the nation, our four million unemployed."

Emphasizing the comment of House Speaker Sam Rayburn (D-Tex) that the Democrats will look over Eisenhower's proposals "and then we'll write the ticket," party members unloaded an array of proposals of their own.

Twenty-six senators, led by Sen. James E. Murray (D-Mont), sponsored a bill for federal aid to school construction and teachers salaries calling for a billion-dollar outlay in the first year.

Sen. A. S. Mike Monroney (D-Okla) won Senate bill No. 1 designation for a federal aid to airports bill similar to that vetoed by Eisenhower last year. Monroney had 40 cosponsors for the measure.

**Eisenhower Defense Estimate Slated for Close Scrutiny**

WASHINGTON (AP)—President Eisenhower's spending estimates for defense next year shaped up today as one of the first targets of House Democrats in the expected battle over budget balancing.

Eisenhower, in his State of the Union message Friday, didn't put a specific price tag on it in speaking of expenditures during the fiscal year beginning next July 1.

Instead, he lumped together spending for defense, atomic development and mutual security and estimated the total would exceed 47 billion dollars during fiscal 1960.

Over-all, this figure appears to approximate the spending for the same purposes during the current fiscal year. But there were complaints that the figure, as given, doesn't mean much.

One persistent Democratic critic of administration military and atomic spending policies, Rep. Melvin Price of Illinois, said Eisenhower's figure "sounds big, but without some sort of breakdown, how can we tell what it means?"

Price, a member of the Armed Services Committee and chairman of the Joint Atomic Energy Research subcommittee, said Congress will not be satisfied as to military needs until its committees have had a chance to question service spokesmen.

Chairman Carl Vinson (D-Ga) of the Armed Services Committee already has scheduled hearings hearings next month to question military chiefs on their needs.

Eisenhower reportedly plans to request approximately \$40,900,000,000 for defense during fiscal 1960.

**Soviet Offers German Parley**

MOSCOW (AP)—The Soviet Union proposed today a German peace conference in Prague or Warsaw within two months and gave representatives of the Western Big Three drafts of a peace treaty.

The government also "expressed a desire to settle the Berlin question," the Soviet news agency Tass said. It gave no details.

The Soviet notes were in reply to Western rejections of an earlier Soviet note. The note of Nov. 27 had proposed that the United States, Britain and France pull their troops out of West Berlin, leaving it an unarmed free city.

In similar Western rejections, the three nations suggested that a Big Four conference be called to consider the whole German problem, including reunification.

There was no immediate indication which nations the Soviet Union intended should meet in Warsaw or Prague.

However, Tass said the Soviet draft treaty proposal gave the Western Big Three "for transmission to governments of these states and other states who took part with their armed forces in the war against Germany, as well as to the governments of the German Democratic Republic (Communist East Germany) and the Federal German Republic (West Germany)."

The West has refused repeated Soviet suggestions that it sit down with East Germany to discuss a peace treaty or reunification. The West contends that the East German regime is illegal because it does not have popular support and therefore does not deserve a place in discussions.

The Tass statement went on: "The conclusion of a peace treaty with Germany would play a positive part not only in safe, lasting peace in Europe but also in solving the all-national task of the German people: the unification of Germany."

## Ashville Gets Notice; 4,600 Are Affected

Council To Hear Proposal by Columbus Utility

An increase in electric power rates affecting 4,600 Circleville and Ashville customers is being sought by the Columbus & Southern Ohio Electric Co.

Mayor Ben H. Gordon today received a special delivery letter from the company terminating the city's contract with C & SO on March 15. E. G. Parsons, local division manager, said that a similar letter has been sent to Ashville and to all other villages and cities in the Southern Ohio area, 11 in all.

Parsons said the company will make a rate proposal to Circleville City Council in the near future.

The indication that the company will increase its rates here comes on the heels of a rate increase request by the General Telephone Co. and the Ohio-Midland Light and Power Co. which serves much of rural Pickaway County.

The current rates were approved in a rate ordinance passed by Circleville City Council June 21, 1955. The contract approved at that time was for about nine years, with the ordinance to end automatically a March 15, 1964.

**Warm Air Heads East From Rockies**

By THE ASSOCIATED PRESS

Freezing weather, guised under clear skies, clasped a tight grip over the eastern two thirds of the nation today but a warm air flow was kicking at its heels in the Plains and Rockies.

Cold air penetrated a wide belt from the Southern Plains to the extreme Northeast and Southeast, chilling the Atlantic seaboard and Dixie.

In the Northeast, it was quite cold with Boston reporting an early -13. Temperatures were not likely to rise more than the 20s during the day along many coastline points.

Similar readings were the order of the day for the Midwest and Ohio Valley.

The warming trend, fed by a flow of southerly winds, was to reach to the Mississippi Valley later today.

At midnight Friday, readings in the 20s were reported through much of the northern Rockies and from the Dakotas to Kansas. This marked a general 8 to 12 degree rise for many spots.

Snow flurries interrupted the clear sky pattern in the Great Lakes region and along the Appalachian Mountain range from northern Vermont to the Tennessee-North Carolina area.

Some precipitation spotted the West Coast from Washington into central California.

GRUESER'S letter stated that the company in the near future will submit new rates schedules for consideration. "Until new rates become effective, we will continue to furnish residential and small commercial consumers at the present ordinance rates."

C & SO recently applied to the Public Utilities Commission of Ohio for authority to increase residential and secondary service rates in Columbus and unincorporated Franklin County.

However, if Circleville City Council and the utility can reach an agreement on electric power rates, an ordinance will be passed, and PUCO will not be asked to set a rate for C & SO here. In case there is no agreement, the utility can go to the PUCO to ask authority to boost its rates.

## Reliefer Pays Back from His Stock Profits

NEW YORK (AP)—Harry Schweitzer, 75, is something of a financial genius, but he accepted relief checks for the past 20 years to make \$21,000 playing the stock market.

Since 1938 Schweitzer, a shabbily dressed bachelor, has been getting \$7.10 monthly welfare checks. He has collected about \$17,000 over the years.

In addition, the retired hospital orderly received welfare allowances for clothing, furniture, rent and medical care.

With most of the \$7.10 to play with, the frugal-living Schweitzer plunged into Wall Street. He became known as a man who would lay down as much as \$4,000 in cash on a broker's desk in a single transaction.

Dist. Atty. Frank S. Hogan said Schweitzer, when confronted by the brokers, turned over his \$1,525 bank account to the welfare agency and gave the department power of attorney to sell his \$21,000 in securities to make repayment.

Immediately after doing this, Schweitzer said he was destitute and went right back on relief.

### 'Begger' Proves To Be Rather Well Healed

NEW YORK (AP)—Maybe beggars can't always be choosers, but Patrick Creel, 54, apparently was begging by choice.

When police arrested Creel for panhandling Friday, he was wearing two jackets, two overcoats and carrying \$5,450 in his pockets.

The cash was in eight frayed paper bags, wrapped in shoelaces. Fifty dollars were in silver.

Creel was ordered to Bellevue Hospital for mental observation.

### Nixon Not Born There; Plaque Says So Anyhow

YORBA LINDA, Calif. (AP)—A bronze plaque on a white frame house here says this was the birthplace of Vice President Richard M. Nixon. His mother says it isn't so—he was born in a hospital.

But Mrs. Frank A. Nixon Friday proudly unveiled the plaque as the house was dedicated as an historical site.

The plaque read: "The birthplace of Richard Milhous Nixon who, through devotion to his country, rose to become vice president of the United States of America, 1952-1960."

## Reliefer Pays Back from His Stock Profits

NEW YORK (AP)—Harry Schweitzer, 75, is something of a financial genius, but he accepted relief checks for the past 20 years to make \$21,000 playing the stock market.

Since 1938 Schweitzer, a shabbily dressed bachelor, has been getting \$71.10 monthly welfare checks. He has collected about \$17,000 over the years.

In addition, the retired hospital orderly received welfare allowances for clothing, furniture, rent and medical care.

With most of the \$71.10 to play with, the frugal-living Schweitzer plunged into Wall Street. He became known as a man who would lay down as much as \$4,000 in cash on a broker's desk in a single transaction.

Dist. Atty. Frank S. Hogan said Schweitzer, when confronted by the probers, turned over his \$1,525 bank account to the welfare agency and gave the department power of attorney to sell his \$21,000 in securities to make repayment.

Immediately after doing this, Schweitzer said he was destitute and went right back on relief.

### 'Beggars' Proves To Be Rather Well Healed

NEW YORK (AP)—Maybe beggars can't always be choosers, but Patrick Creel, 54, apparently was begging by choice.

Creel was ordered to Bellevue Hospital for mental observation.

## U.S. Plans To Borrow \$3 1/4 Billion

WASHINGTON (AP)—Uncle Sam plans to borrow 3 1/4 billion dollars next week.

The Treasury, in announcing its first offering of long-term bonds in seven months, said it will try to market 750 million dollars of 4 per cent, 21-year bonds priced at 99 per cent of face value. The bonds at this price will yield about 4.07 per cent.

In addition, 2 1/2 billion dollars of notes will be offered with an interest rate of 3 1/4 per cent. They will be priced at 99 1/2 per cent of face value to yield about 3.45 per cent.

The total is about 1 1/2 billion more than the Treasury had been expected to seek at this time.

One billion dollars was added to the cash financing, officials said, to reduce by a like amount the weekly offerings of regular Treasury bills.

They said the extra 250 million is needed because federal outlays under the farm price support program are running ahead of earlier estimates by at least that amount.

The bonds will mature Feb. 19, 1980. Subscription books will be open for orders next Monday and Tuesday. The notes will be dated Jan. 21 and will mature May 15, 1960. Bonds on them will be open only on Monday.

Weekly offerings of 91-day and 182-day bills now total 1.8 billion dollars. Officials said this will be cut back after next week to 1.6 billion dollars.

## New Holland Loses 11th

New Holland hit another frigid streak from the field last night and suffered its 11th setback in 12 outings at the hands of host Jeffersonville, 68-34.

The Bulldogs competed in their fifth game in which they scored less than 30 points, allowing their opposition to more than double their winning score for the third time. In two other contests opponents have come within several points of doubling the score.

New Holland gave a good accounting of itself during the first quarter when it only trailed, 10-13. Still in the contest at halftime, 24-22, it tallied just two points in the third period as Jeffersonville soared to a 44-24 lead.

The Bulldogs were outscored, 24-10, in the final stanza. Nelson Board led New Holland with 11 points, most of them from underneath the bucket. Jeffersonville was sparked by Cooks 26 points from out front. Smith had 14 and Evans 10.

Jeffersonville hampered the Bulldog attack with a zone defense. Jeffersonville captured the reserve contest, 40-14. New Holland is 1-4 in Fayette County League play.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## SKILLED FINGERS

As the skillful fingers of the surgeon work, prayers are on the lips of loved ones. Although there is faith in the knowledge and skill of the surgeon, all realize God's help is needed.

Eventually most men realize that skill and science are not enough. Even those of us who haven't been to church services for a long, long time find ourselves instinctively saying, "Please, God," when we face a crisis.

Why wait until then? God's providential help is needed by everyone—in time of crisis and in making the constant decisions of everyday life. The doors of the Church are wide open. Won't you come in?

Dayton's Mayor Talks of Quitting

DAYTON, Ohio (AP)—Reports that Dayton's Mayor R. William Patterson is "seriously considering resigning his office" were confirmed today by Patterson.

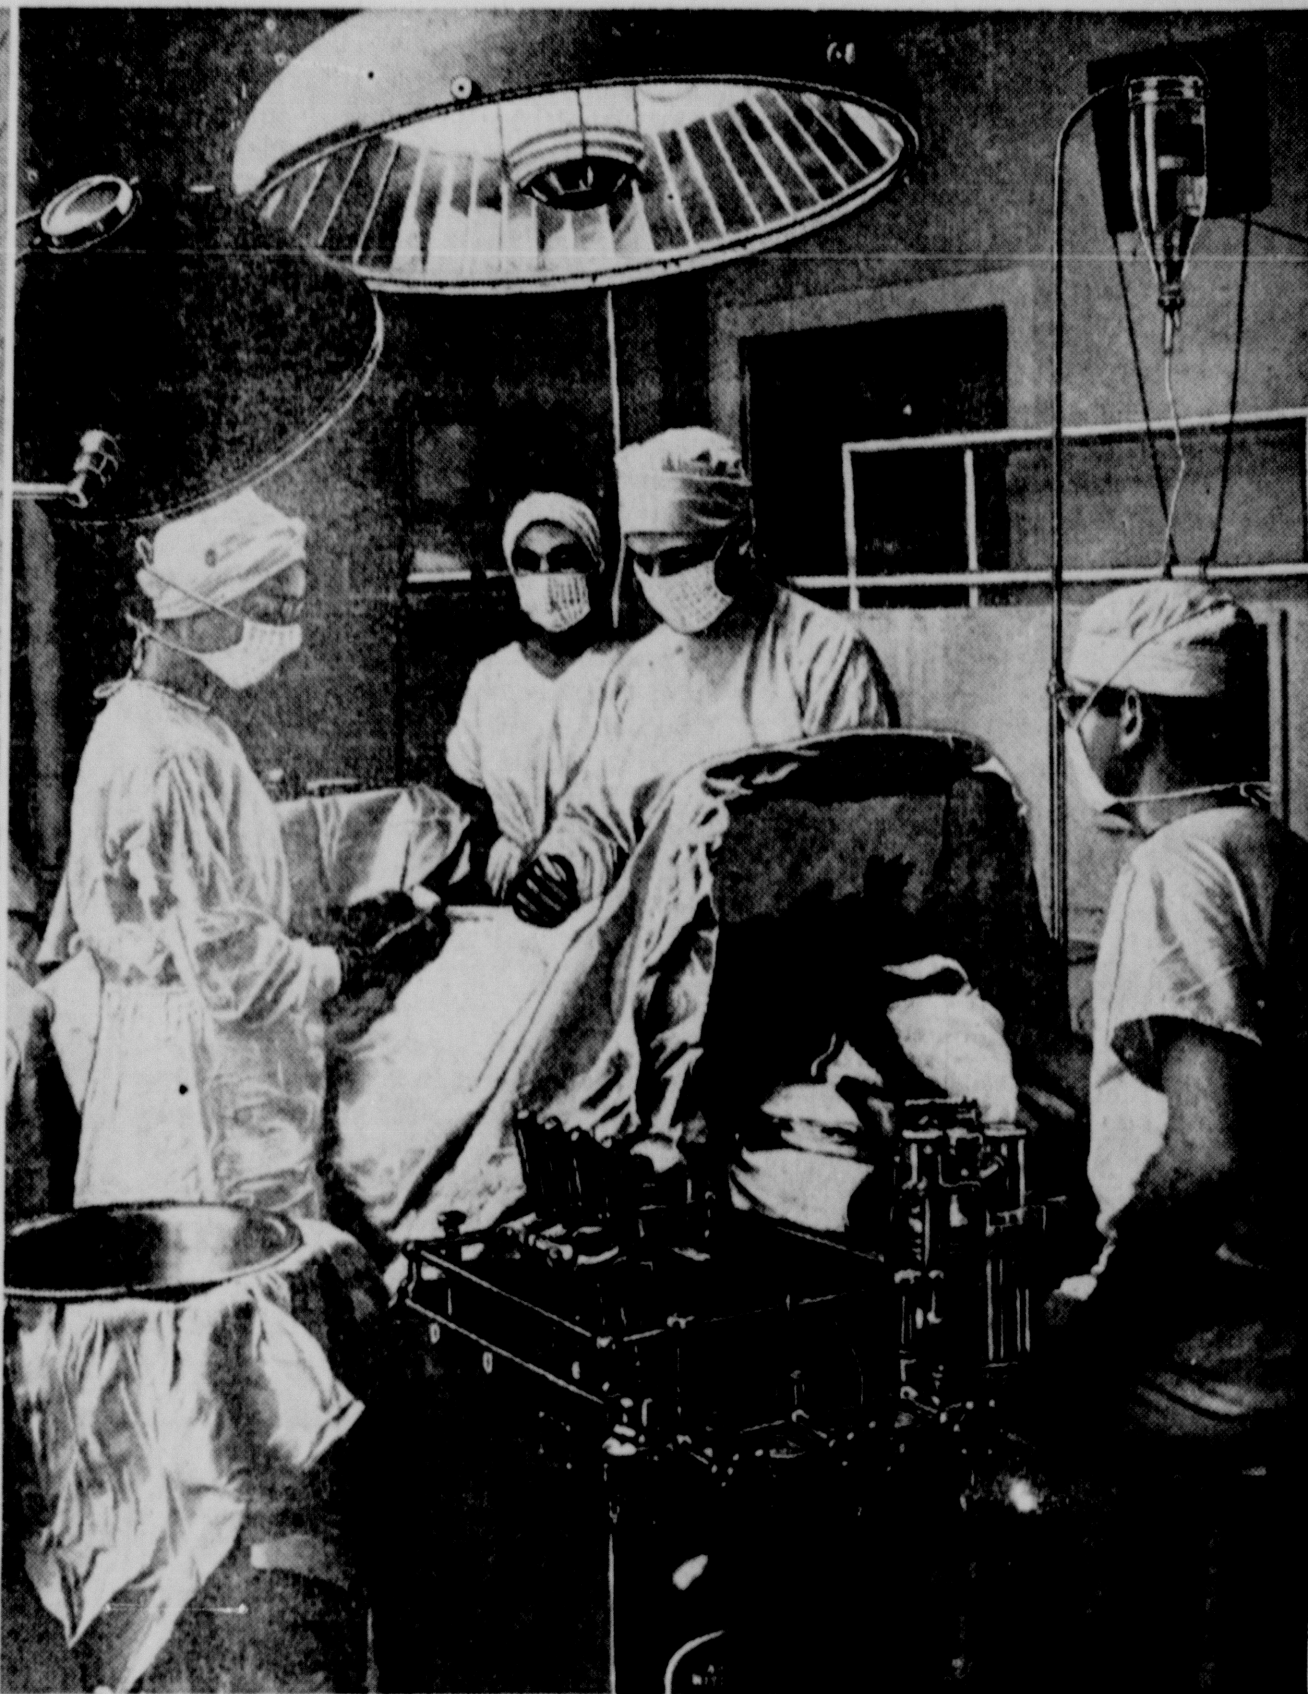

Patterson, who took office a year ago, said a prime reason is the nominal \$1,800-a-year salary for a job that he says requires 75 per cent of his time.

"I've got to make a living for my family," said Patterson, who is an attorney.

He said he has not made a final decision and that so far all he has done is "discussed the situation with a few friends. . . ."

THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SKILLED FINGERS

As the skillful fingers of the surgeon work, prayers are on the lips of loved ones. Although there is faith in the knowledge and skill of the surgeon, all realize God's help is needed.

Eventually most men realize that skill and science are not enough. Even those of us who haven't been to church services for a long, long time find ourselves instinctively saying, "Please, God," when we face a crisis.

Why wait until then? God's providential help is needed by everyone—in time of crisis and in making the constant decisions of everyday life. The doors of the Church are wide open. Won't you come in?

## A-Subs Keep Us Ahead

Fighting Ships, a British publication listing the strength of major navies of the world, gives the United States a great deal of praise for its insight into the value of nuclear powered submarines. The authoritative publication ranks the U. S. Navy first in the world mainly because of the six nuclear powered submarines now afloat.

This is significant in view of the fact that the Russians have a fleet of 500 submarines, compared to the United States' 200. But the Soviet Union has no atomic turbine driven submarines — although it has several in the building stages — and these six vessels make the difference.

The feats already accomplished by the Nautilus, the Skate and the Seawolf, and the potential envisioned for them and their sister ships in future wars have, according to the British volume, shaken the world's admiralities "out of the static or-

## Mikoyan May Talk Berlin

The visit of Anastas Mikoyan to the United States will be watched by the world with intense interest. Could it be the key to a solution of the crisis over Berlin?

Mikoyan, second man to Soviet Premier Khrushchev, formally is coming to Washington to see Russian Ambassador Menshikov. But reports from Moscow—planted by the Russians—indicate he will want to discuss the Berlin matter with American diplomats. And the State Department has invited him to discussions with anyone.

If he wanted to see the Russian ambassador, he would merely order that functionary to Moscow.

On the surface, the Berlin problem looks

## Where's Batista's Loot?

What permanent form administration of Cuban governmental affairs will assume after tranquillity has been restored only events can reveal. In the turmoil in the island republic that followed the fleeing of Dictator Batista there inevitably had to be confusion.

Actions of the populace after the former strong man fled to a previously prepared—and obviously well financed—refuge left no doubt that reports of Batista's unpopularity were not exaggerated. Had he not taken it on the lam there would undoubtedly been great loss of life, perhaps including his own.

When strong men such as Batista take off for greener pastures, even his most ardent sympathizers never need to worry how the man will eke out an existence. He

## Mikoyan's Visit Unscheduled

It is customary that when a top official of one country wishes to visit another country on official business, arrangements are made well in advance, an agenda is prepared and neither side is taken by surprise.

Anastas Mikoyan is playing games. He comes to the United States as a tourist who walks about the streets looking in shop windows. No official reception is prepared for him although he is either the second or third person in the Soviet hierarchy and is entitled to such courtesies.

He announces that he will see Secretary of State Dulles, apparently invited or not, but the earlier statements on that subject give the impression that he wanted to see the Secretary of State just as he gazed upon the Washington Monument.

However, after he had gazed at the Secretary of State for 95 minutes, he told the reporters, "There will be peace," which is good news, indeed. Dulles, of course, said nothing which was quite proper in the circumstances.

Apparently Eric Johnston, who has been to Soviet Russia to peddle American motion picture films, and Cyrus Eaton, who presents the Russian point of view more glibly than anyone else in this country—also more glibly—knew of all this, for they had arranged receptions for the Armenian trader. That, of course, is their business.

There is no compulsory association in this country and no one is required to break bread with Anastas Mikoyan or anyone else unless he wants to. If Congressman Walter Judd declines to eat with a man who has Mikoyan's reputation for participation in mass murder, that is his business, too. Other men are not so choosy.

bit of conventional ships, conventional propulsion and conventional weapons."

Submarines of the past have had little purpose other than the destruction of other naval vessels. Atomic powered submarines have taken on an entirely new concept of submarine objectives. Because of their almost unlimited potential at submerged travel, their faster speeds, and the missiles and other armaments with which they are equipped, atomic submarines have become deadly enemies of land and air objectives, as well as those on the sea.

Nuclear submarines therefore are fast outclassing the behemoth battleships and carriers as "capital ships" as versatility and elusiveness become prime assets of naval weapons. The United States Navy can be proud of its role in leading the world in the development of nuclear vessels, both submersible and above-water types.

like an impasse with neither side willing to back down. Certainly the West is not about to evacuate the former capital of Germany; and the "way out" for the communists is not immediately apparent.

Presumably Mikoyan will push hard on the point that Russia must wipe out the Berlin "sore spot." But he probably would not be willing to talk unless the Kremlin is willing to give some ground.

Certainly the West should not back down on Berlin. But if some method of permitting the Russians to back down, and thus avoid hostilities, can be developed during Mikoyan's visit, all the world will breathe easier.

and his covey of hangers-on always eat high on the hog and in a manner that has no possible relation to the salary he is supposed to have received while in office. No social security system ever dreamed up can match the one dictators invariably set up for themselves.

Batista is no exception, but how much loot he took with him, or stashed away in other countries for an emergency, will probably never be known.

## Courtin' Main

Some men learn an awful lot after they are married. But by then it's too late.

By George Sokolsky

So, Mikoyan, the trader, has already found American traders who believe that as long as there is business to be done, let us welcome the stranger even if he breaks every rule of etiquette and barges in on us, with the fanfare of the lunik's publicity to frighten those to whom dollars are more dear than life. Somehow the lunik did not frighten the American people nor does Mikoyan's sneer. Maybe we are through with being frightened.

Mikoyan is a trader. He has devoted his life to trade. He comes of a nation that is particularly skilled at trade. He understands money and its operations as well as and probably better than most Wall Street bankers. He is now, as a matter of Soviet policy, engaged in destroying the pre-eminence of the American dollar.

His genius as a trader has undoubtedly served him politically, for he worked under Lenin, Stalin, Malenkov and Khrushchev and survived. He never was caught in any of the purges. His closest colleagues — Bulganin, Kaganovich, Molotov — they have disappeared in the vastnesses of the Soviet Universal State, but Mikoyan survives even under Khrushchev who is as fast on the draw as Stalin was but leaves nothing to clean up afterwards.

It takes great skill always to land on your feet and Mikoyan possesses that skill. And so the Armenian came to the United States to show all the diplomats of the world that he can break through the reserves and resistances of the American Government to betray our allies and meet with the Russians alone.

Khrushchev's labors for a Summit Conference always were premised on the assumption that he and Eisenhower could meet alone and settle everything. But we do belong to NATO and we have allies whom we will not betray.

Mikoyan met with Dulles alone without an advance agenda so that we could not notify our allies what the conversations would be about. The American policy is not being decided by Eric Johnston or by Cyrus Eaton, traders in their own right. Nor is it being decided by Sen. Hubert Humphrey of Minnesota who apparently has a special relationship with Khrushchev and Mikoyan, which also is the senator's business, although it strikes me that Khrushchev must have a lot of time on his hands to give the senator eight hours, which, according to the American standard, is a full working day. Sen. Humphrey is an interesting man, but is he that interesting? Also, is he that important in the affairs of the United States?

Funny things are going on and lots of funny people are in the occurrences, but in the end, orderly procedures will prevail and the United States will be treated with the respect and dignity we deserve.

## Try and Stop Me

By BENNETT CERF

ONE OF Cornelius Otis Skinner's most nerve-wracking experiences came when she saw a little boy stroll unconcernedly directly into the path of an oncoming convertible. She screamed, snatched him up under her arm, and jumped with him to the safety of the curbstone. He turned out to be a midget of forty, with a quaint, explosive, and extensive vocabulary.

An American who had gazed upon the majestic sweep of the Mississippi and Columbia Rivers, could not hide his disappointment when first he saw the River Thames from his London hotel window. "Is that dinky little stream the one I've heard so much about?" he grumbled. "You must remember," his English guide reminded him, "that the mighty rivers you have seen in America are merely water; the Thames, sir, is liquid history!"

The historical slogan, "54-40 or Fight," brings back memories to Groucho Marx. He claims he once had a girl with exactly the same measurements.

## Patient Can Help Himself

By Herman N. Bundesen, M. D.

High blood pressure and hardening of the arteries seem to go together, but not all the time.

Arteriosclerosis — hardening of the arteries — and hypertension — high blood pressure — are not one and the same thing, although many think they are.

Many persons have hardening of the arteries although their blood pressure is normal or even low. By the same token, many victims of hypertension have perfectly normal arteries for their age.

Actually, we don't know for sure just what causes hardening of the arteries although we suspect certain fatty substances of playing a villainous role.

We do know that arteriosclerosis is associated with age. Your arteries are just as old as you are. And with advancing age they lose a good deal of their elasticity.

Usually arteriosclerosis is discovered during a routine physical examination. Sometimes it is detected by an eye doctor when he looks at the tiny arteries deep in the eye.

If you have arteriosclerosis, the arteries just under your skin probably will feel like pipe stems.

Often the hardening process goes hand in hand with a thickening of the artery walls. Naturally, such a thickening slows down the flow of blood.

In some cases, the blood is slowed so much that clots form. When these clots occur in large arteries, they are often dislodged. But they may then plug up one of the smaller branches of that artery.

If a small artery in the brain becomes completely plugged, the result is a stroke, or apoplexy. And this means real trouble.

Doctors have drugs, of course, to keep the blood from clotting. Moreover, doctors can do much in other ways to aid a person with hardening of the arteries.

But the patient himself can help his own cause, too. So let me pass on a few rules for those with arteriosclerosis to follow:

1. Maintain a good diet.
2. Stay at a good healthy weight. Your doctor will tell you what weight this is.

The starfish, so the National Geographic Society reports, is not a fish at all. It is an Echinodermata phylum.

## The World Today

By James Marlow

WASHINGTON (AP) — American labor leaders and Anastas I. Mikoyan had lunch and a hot discussion.

But the Soviet deputy premier didn't reveal any secrets while he was the guest of the unionists.

They later gave their account of what happened in a memorandum prepared as a record of the conversation.

One notable stay-away was AFL-CIO President George Meany. But James B. Carey, a long-time fighter against Communists in American unions, was there. He said he thought a frank talk with Mikoyan might have done some good, couldn't do harm.

Besides Carey, president of the Workers, others present included Walter Reuther, president of the United Auto Workers, and Joseph A. Beirne, president of the Communications Workers of America.

Carey, Reuther and Beirne are also vice presidents of the AFL-CIO.

In part, this was the account of what happened:

Carey blamed the Soviets for

trying after the war to dominate the World Federation of Trade Unions, when American unionists got fed up and walked out.

Mikoyan admitted the Soviet trade union movement had made a mistake but said the Americans had, too, in that post-war period. And he added: Two neighbors who had made a mistake shouldn't let a mistake dominate their future.

Reuther criticized the Soviet propaganda line that pictures American workers as wage slaves. Carey went into detail on the evolutionary improvements in the American labor movement since Mikoyan was here in the 1930s.

Mikoyan said Reuther was wrong, that the Soviets recognized the wealth and high standard of living of the American Workers and constantly used this as an incentive and example to the Soviet workers to improve their production.

The labor leaders not only supported this country's foreign policy but said the average American worker did, too.

Beirne chimed in: He said it was impossible to develop faith and trust in Soviet talk about the self-determination of peoples after what the Soviets did to the workers of Hungary.

And Beirne asked: Would the Soviet Union guarantee absolute freedom of movement to any trade union delegation visiting that country? Would such a delegation be permitted to visit prisons and

labor camps and talk to workers on the job at home?

Mikoyan denied there were labor camps; guaranteed that an American trade union delegation visiting the Soviet Union would have complete freedom, including freedom to visit prisons; and refused to discuss Hungary on the ground it would take too long.

But when the unionists criticized Soviet policy — particularly they accused the Kremlin of stimulating crises around the world — Mikoyan said the Americans were prejudiced and didn't know the facts of Soviet policy.

The unionists attacked Soviet policy on Berlin, which the Soviets want left defenseless in the middle of Communist East Germans — but Mikoyan responded with this proposal:

That Berlin be made a free city — with free access to it from East and West — and its freedom guaranteed by an international commission, with all countries removing their troops. This has been pretty much the Soviet line.

Reuther argued, as the State Department does, that Berlin is part and parcel of Germany and that the two Germans should be reunited in free elections, which is what the Soviets don't want.

So, while no problems were solved, the memorandum said the most important result of the lunch was to show the unity of American trade unionists on Berlin and a unified Germany.

## A-Subs Keep Us Ahead

Fighting Ships, a British publication listing the strength of major navies of the world, gives the United States a great deal of praise for its insight into the value of nuclear powered submarines. The authoritative publication ranks the U. S. Navy first in the world mainly because of the six nuclear powered submarines now afloat.

This is significant in view of the fact that the Russians have a fleet of 500 submarines, compared to the United States' 200. But the Soviet Union has no atomic turbine driven submarines — although it has several in the building stages — and these six vessels make the difference.

The feats already accomplished by the Nautilus, the Skate and the Seawolf, and the potential envisioned for them and their sister ships in future wars have, according to the British volume, shaken the world's admiralities "out of the static or-

bit of conventional ships, conventional propulsion and conventional weapons."

Submarines of the past have had little purpose other than the destruction of other naval vessels. Atomic powered submarines have taken on an entirely new concept of submarine objectives. Because of their almost unlimited potential at submerged travel, their faster speeds, and the missiles and other armaments with which they are equipped, atomic submarines have become deadly enemies of land and air objectives, as well as those on the sea.

Nuclear submarines therefore are fast outclassing the behemoth battleships and carriers as "capital ships" as versatility and elusiveness become prime assets of naval weapons. The United States Navy can be proud of its role in leading the world in the development of nuclear vessels, both submersible and above-water types.

## Mikoyan May Talk Berlin

The visit of Anastas Mikoyan to the United States will be watched by the world with intense interest. Could it be the key to a solution of the crisis over Berlin?

Mikoyan, second man to Soviet Premier Khrushchev, formally is coming to Washington to see Russian Ambassador Menshikov. But reports from Moscow—planted by the Russians—indicate he will want to discuss the Berlin matter with American diplomats. And the State Department has invited him to discussions with anyone.

If he wanted to see the Russian ambassador, he would merely order that functionary to Moscow.

On the surface, the Berlin problem looks

like an impasse with neither side willing to back down. Certainly the West is not about to evacuate the former capital of Germany; and the "way out" for the communists is not immediately apparent.

Presumably Mikoyan will push hard on the point that Russia must wipe out the Berlin "sore spot." But he probably would not be willing to talk unless the Kremlin is willing to give some ground.

Certainly the West should not back down on Berlin. But if some method of permitting the Russians to back down, and thus avoid hostilities, can be developed during Mikoyan's visit, all the world will breathe easier.

## Where's Batista's Loot?

What permanent form administration of Cuban governmental affairs will assume after tranquillity has been restored only events can reveal. In the turmoil in the island republic that followed the fleeing of Dictator Batista there inevitably had to be confusion.

Actions of the populace after the former strong man fled to a previously prepared—and obviously well financed—refuge left no doubt that reports of Batista's unpopularity were not exaggerated. Had he not taken it on the lam there would undoubtedly been great loss of life, perhaps including his own.

When strong men such as Batista take off for greener pastures, even his most ardent sympathizers never need to worry how the man will eke out an existence. He

and his covey of hangers-on always eat high on the hog and in a manner that has no possible relation to the salary he is supposed to have received while in office. No social security system ever dreamed up can match the one dictators invariably set up for themselves.

Batista is no exception, but how much loot he took with him, or stashed away in other countries for an emergency, will probably never be known.

## Mikoyan's Visit Unscheduled

By George Sokolsky

It is customary that when a top official of one country wishes to visit another country on official business, arrangements are made well in advance, an agenda is prepared and neither side is taken by surprise.

Anastas Mikoyan is playing games. He comes to the United States as a tourist who walks about the streets looking in shop windows. No official reception is prepared for him although he is either the second or third person in the Soviet hierarchy and is entitled to such courtesies.

He announces that he will see Secretary of State Dulles, apparently invited or not, but the earlier statements on that subject give the impression that he wanted to see the Secretary of State just as he gazed upon the Washington Monument.

However, after he had gazed at the Secretary of State for 95 minutes, he told the reporters, "There will be peace," which is good news, indeed. Dulles, of course, said nothing which was quite proper in the circumstances.

Apparently Eric Johnston, who has been to Soviet Russia to peddle American motion picture films, and Cyrus Eaton, who presents the Russian point of view more globally than anyone else in this country—also more garrulously—knew of all this, for they had arranged receptions for the Armenian trader. That, of course, is their business.

There is no compulsory association in this country and no one is required to break bread with Anastas Mikoyan or anyone else unless he wants to. If Congressman Walter Judd declines to eat with a man who has Mikoyan's reputation for participation in mass murder, that is his business, too. Other men are not so choosy.

So, Mikoyan, the trader, has already found American traders who believe that as long as there is business to be done, let us welcome the stranger even if he breaks every rule of etiquette and barges in on us, with the fanfare of the lunik's publicity to frighten those to whom dollars are more dear than life. Somehow the lunik did not frighten the American people nor does Mikoyan's sneer. Maybe we are through with being frightened.

Mikoyan is a trader. He has devoted his life to trade. He comes of a nation that is particularly skilled at trade. He understands money and its operations as well as and probably better than most Wall Street bankers. He is now, as a matter of Soviet policy, engaged in destroying the pre-eminence of the American dollar.

His genius as a trader has undoubtedly served him politically, for he worked under Lenin, Stalin, Malenkov and Khrushchev and survived. He never was caught in any of the purges. His closest colleagues — Bulganin, Kaganovich, Molotov — they have disappeared in the vastness of the Soviet Union.

It takes great skill always to land on your feet and Mikoyan possesses that skill. And so the Armenian came to the United States to show all the diplomats of the world that he can break through the reserves and resistances of the American Government to betray our allies and meet with the Russians alone.

Khrushchev's labors for a Summit Conference always were premised on the assumption that he and Eisenhower could meet alone and settle everything. But we do belong to NATO and we have allies whom we will not betray.

Mikoyan met with Dulles alone without an advance agenda so that we could not notify our allies what the conversations would be about. The American policy is not being decided by Eric Johnston or by Cyrus Eaton, traders in their own right. Nor is it being decided by Sen. Hubert Humphrey of Minnesota who apparently has a

special relationship with Khrushchev and Mikoyan, which also is the senator's business. Although it strikes me that Khrushchev must have a lot of time on his hands to give the senator eight hours, which, according to the American standard, is a full working day. Sen. Humphrey is an interesting man, but is he that interesting? Also, is he that important in the affairs of the United States?

Funny things are going on and lots of funny people are in the occurrences, but in the end, orderly procedures will prevail and the United States will be treated with the respect and dignity we deserve.

## Try and Stop Me

By BENNETT CERF

ONE OF Cornelius Otis Skinner's most nerve-wracking experiences came when he saw a little boy stroll unconcernedly directly into the path of an oncoming convertible. She screamed, snatched him up under her arm, and jumped with him to the safety of the curbstone. He turned out to be a midget of forty, with a quaint, explosive, and extensive vocabulary.

An American who had gazed upon the majestic sweep of the Mississippi and Columbia Rivers, could not hide his disappointment when first he saw the River Thames from his London hotel window. "Is that dinky little stream the one I've heard so much about?" he grumbled. "You must remember," his English guide reminded him, "that the mighty rivers you have seen in America are merely water; the Thames, sir, is liquid history!"

The historical slogan, "54-40 or Fight," brings back memories to Groucho Marx. He claims he once had a girl with exactly the same measurements.

## Patient Can Help Himself

By Herman N. Bundesen, M. D.

High blood pressure and hardening of the arteries seem to go together, but not all the time.

Arteriosclerosis — hardening of the arteries — and hypertension — high blood pressure — are not one and the same thing, although many think they are.

Many persons have hardening of the arteries although their blood pressure is normal or even low. By the same token, many victims of hypertension have perfectly normal arteries for their age.

Actually, we don't know for sure just what causes hardening of the arteries although we suspect certain fatty substances of playing a villainous role.

We do know that arteriosclerosis is associated with age. Your arteries are just as old as you are. And with advancing age they lose a good deal of their elasticity.

Usually arteriosclerosis is discovered during a routine physical examination. Sometimes it is detected by an eye doctor when he looks at the tiny arteries deep in the eye.

If you have arteriosclerosis, the arteries just under your skin probably will feel like pipe stems.

Often the hardening process goes hand in hand with a thickening of the artery walls. Naturally, such a thickening slows down the flow of blood.

In some cases, the blood is slowed so much that clots form. When these clots occur in large arteries, they are often dislodged. But they may then plug up one of the smaller branches of that artery.

If a small artery in the brain becomes completely plugged, the result is a stroke, or apoplexy. And this means real trouble.

Doctors have drugs, of course, to keep the blood from clotting. Moreover, doctors can do much in other ways to aid a person with hardening of the arteries.

But the patient himself can help his own cause, too. So let me pass on a few rules for those with arteriosclerosis to follow:

1. Maintain a good diet.  
2. Stay at a good healthy weight. Your doctor will tell you what weight this is.

The starfish, so the National Geographic Society reports, is not a fish at all. It is an Echinodermata phylum.

## The World Today

By James Marlow

WASHINGTON (AP) — American labor leaders and Anastas I. Mikoyan had lunch and a hot discussion.

But the Soviet deputy premier didn't reveal any secrets while he was the guest of the unionists.

They later gave their account of what happened in a memorandum prepared as a record of the conversation.

One notable stay-away was AFL-CIO President George Meany. But James B. Carey, a long-time fighter against Communists in American unions, was there. He said he thought a frank talk with Mikoyan might have done some good, couldn't do harm.

Besides Carey, president of the Workers, others present included Walter Reuther, president of the United Auto Workers, and Joseph A. Beirne, president of the Communications Workers of America.

Carey, Reuther and Beirne are also vice presidents of the AFL-CIO.

In part, this was the account of what happened:

Carey blamed the Soviets for

trying after the war to dominate the World Federation of Trade Unions, when American unionists got fed up and walked out.

Mikoyan admitted the Soviet trade union movement had made a mistake but said the Americans had, too, in that post-war period. And he added: Two neighbors who had made a mistake shouldn't let a mistake dominate their future.

Reuther criticized the Soviet propaganda line that pictures American workers as wage slaves. Carey went into detail on the evolutionary improvements in the American labor movement since Mikoyan was here in the 1930s.

Mikoyan said Reuther was wrong, that the Soviets recognized the wealth and high standard of living of the American Workers and constantly used this as an incentive and example to the Soviet workers to improve their production.

The labor leaders not only supported this country's foreign policy but said the average American worker did, too.

Beirne chimed in: He said it was impossible to develop faith and trust in Soviet talk about the self-determination of peoples after what the Soviets did to the workers of Hungary.

And Beirne asked: Would the Soviet Union guarantee absolute freedom of movement to any trade union delegation visiting that country? Would such a delegation be permitted to visit prisons and

labor camps and talk to workers on the job at home?

Mikoyan denied there were labor camps; guaranteed that an American trade union delegation visiting the Soviet Union would have complete freedom, including freedom to discuss Hungary on the ground it would take too long.

But when the unionists criticized Soviet policy — particularly they accused the Kremlin of stimulating crises around the world — Mikoyan said the Americans were prejudiced and didn't know the facts of Soviet policy.

The unionists attacked Soviet policy on Berlin, which the Soviets want left defenseless in the middle of Communist East Germans — but Mikoyan responded with this proposal:

That Berlin be made a free city — with free access to it from East and West — and its freedom guaranteed by an international commission, with all countries removing their troops. This has been pretty much the Soviet line.

Reuther argued, as the State Department does, that Berlin is part and parcel of Germany and that the two Germanys should be reunited in free elections, which is what the Soviets don't want.

So, while no problems were solved, the memorandum said the most important result of the luncheon was to show the unity of American trade unionists on Berlin and a unified Germany.

He said "everyone, even the leaders, must do manual labor" in China, and he was afraid forced labor might ruin his hands.

### PTA Notices Made Cheaply

TOLEDO, Ohio (AP) — Elmhurst Elementary School has found an economical way to get out notices for Parent-Teacher Assn. meetings.

On the day of each meeting, as the pupils leave school for home, teachers rubber stamp their hands with the notice, "P.T.A. Tonight."

When you add a meringue to the top of a pie, make sure it touches the crust all around the edge.

## Dear Abby...

By Abigail VanBuren

### Don't Pull Any Punches!

DEAR ABBY: Mother is 48 (widowed) and is seeing a lot of a man in his fifties. She's had him to our home for dinner several times, and, Abby, perhaps I am a bit too suspicious, but whenever I ask him if he's married he never gives a straight YES or NO answer. He laughs it off and says: "Would I be here if I were?" Yet he never accepts a dinner invitation for a Sunday or a Holiday. He's never introduced my mother to one person who knows him and when he takes her out it is always to some out-of-the-way place. Is there some way I can find out definitely if he is married or not? We can't afford to hire a private detective. Mother agrees to check on him if we can do it without his knowing it. How?

NO NAME PLEASE  
DEAR NO: Your mother should come right out and ASK him to prove that he is a single man. If he is SINGLE he can easily prove it and should respect her all the more for not wishing to keep company with a married man. If he is married—good riddance.

DEAR ABBY: How can you tactfully refuse invitations from a wonderful person who has a bore of a husband? I see her several times during the week because our children are good friends and PTA, Church work and Scouting brings us together. We spent one evening together with our husbands and my husband said, "NEVER AGAIN." And I agreed with him. All we did was play children's card games (Old Maid and Steal the Pack) and when we tried to teach him simple GinRummy, he couldn't even remember that the Ace was "one." She keeps asking us over and I am running out of excuses. Please help me, Abby.

NEEDS HELP  
DEAR NEEDS: Thank her sincerely for the invitations but tell her you are married to one of those men who doesn't "socialize" much in the evenings.

DEAR ABBY: I am a step-father of two fine girls. One is 24 and married and the other is 18 and single. The 24-year-old lives out of the state and was expecting in two months. The 18-year-old went to visit her for her two-week vacation. The married one suddenly

had to go to the hospital to have her baby prematurely and when they telephoned me this news I asked the 18-year-old girl to come home at once. I didn't lie. I said it didn't look right for her to be living alone in the apartment with her sister's husband when his wife was in the hospital. Both girls are beautiful and I am a man and know what's what. Now everyone is mad at me and saying I am very evil-minded. What do you think?

A STEP-FATHER  
DEAR STEP-FATHER: I think you acted wisely.

CONFIDENTIAL TO GUILTY CONSCIENCE: Psychiatrists tell us it's not too good for us to keep too much to ourselves. The Income Tax people tell us the same thing. Declare it!

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

### Man Tells Rescuers: 'Mind Own Business'

CLEVELAND (AP)—"I was just minding my own business; why wouldn't they?" That was the comment from Joseph Brust, 43, after Coast Guardsmen in a helicopter insisted on removing him from a point far out on the Lake Erie ice. Coast guardsmen said the ice was thin and treacherous along the three-mile course of Brust's trek. Brust, who resigned last July from the Cleveland Fire Dept., said: "I only went for a walk."

### Reds To Visit Sudan

KHARTOUM, Sudan (AP)—A 19 man Soviet economic delegation is expected here Jan. 22 to discuss the offer of aid which the Sudan has accepted in principle.

### Little to Show

RACINE, Wis. (AP)—The thief who smashed a display window at the Sanitary Meat Market got a hollow victory.

Missing was a container of canned ham, but the proprietor told the police the missing can, like the others in the window, was empty.

## Ray Berry May Star In Pro Bowl

LOS ANGELES (AP)—Let's take a close look at one of the pass-catching ends who'll play in Sunday's ninth annual Pro Bowl football game.

Name: Ray Berry.  
Business address: c/o Baltimore Colts, Baltimore, Md.

Experience: Three years in the National Football League.

But since that's a long way from the whole story, let's ask some of his teammates on the West squad about the lean, lanky Texan.

Johnny Unitas, his Colt teammate: "Ray's a perfectionist. He always has me throw him passes in practice just a little wide or high so he can bone up on snagging the hard ones."

West Coach Weeb Ewbank, also of the Colts: "Berry is the hardest worker I've ever seen. He's the first on the practice field and the last off."

Last season Berry and Pete Retzlaff of the Philadelphia Eagles each caught 56 passes to lead NFL receivers. Berry's catches were good for 794 yards.

Berry is in fast company Sunday in Memorial Coliseum. Retzlaff is on hand for the East, as well as Frank Gifford of the New York Giants and Tommy McDonald of the Eagles, two pass-snagging backs.

A crowd of about 60,000 is expected for the nationally televised post-season battle. The weather is expected to be sunny.

### Mighty Shove Shot Ends Basketball Game

NEW BRUNSWICK, N.J. (AP)—Joe Schenck stopped a basketball game, literally, all by his lonesome Friday night.

The 19-year-old player lunged his 6-foot-6 frame toward the basket for a shove shot. He ripped the basket from its moorings, shattered the glass backboard which fell in a shower on several teammates, and ended the game. It was a city recreation contest.

The 1959 major league rosters list three Andersons—Bob Anderson with the Chicago Cubs, George Anderson with Los Angeles and Harry Anderson with Philadelphia.

# Dear Abby...

By Abigail VanBuren

## Don't Pull Any Punches!

DEAR ABBY: Mother is 48 (widowed) and seeing a lot of a man in his fifties. She's had him to our home for dinner several times, and, Abby, perhaps I am a bit too suspicious, but whenever I ask him if he's married he never gives a straight YES or NO answer. He laughs it off and says: "Would I be here if I were?" Yet he never accepts a dinner invitation for a Sunday or a Holiday. He's never introduced my mother to one person who knows him and when he takes her out it is always to some out-of-the-way place. Is there some way I can find out definitely if he is married or not? We can't afford to hire a private detective. Mother agrees to check on him if we can do it without his knowing it. How?

NO NAME PLEASE  
DEAR NO: Your mother should come right out and ASK him to prove that he is a single man. If he is SINGLE he can easily prove it and should respect her all the more for not wishing to keep company with a married man. If he is married—good riddance.

DEAR ABBY: How can you tactfully refuse invitations from a wonderful person who has a bore of a husband? I see her several times during the week because our children are good friends and PTA, Church work and Scouting brings us together. We spent one evening together with our husbands and my husband said, "NEVER AGAIN." And I agreed with him. All we did was play children's card games (Old Maid and Steal the Pack) and when we tried to teach him simple GinRummy, he couldn't even remember that the Ace was "one." She keeps asking us over and I am running out of excuses. Please help me, Abby.

NEEDS HELP  
DEAR NEEDS: Thank her sincerely for the invitations but tell her you are married to one of those men who doesn't 'socialize' much in the evenings.

DEAR ABBY: I am a step-father of two fine girls. One is 24 and married and the other is 18 and single. The 24-year-old lives out of the state and was expecting in two months. The 18-year-old went to visit her for her two-week vacation. The married one suddenly

had to go to the hospital to have her baby prematurely and when she telephoned me this news I asked the 18-year-old girl to come home at once. I didn't lie. I said it didn't look right for her to be living alone in the apartment with her sister's husband when his wife was in the hospital. Both girls are beautiful and I am a man and know what's what. Now everyone is mad at me and saying I am very evil-minded. What do you think?

A STEP-FATHER  
DEAR STEP-FATHER: I think you acted wisely.

CONFIDENTIAL TO GUILTY CONSCIENCE: Psychiatrists tell us it's not too good for us to keep too much to ourselves. The Income Tax people tell us the same thing. Declare it!

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

### Man Tells Rescuers: 'Mind Own Business'

CLEVELAND (AP)—"I was just minding my own business; why wouldn't they?" That was the comment from Joseph Brust, 43, after Coast Guardsmen in a helicopter insisted on removing him from a point far out on the Lake Erie ice. Coast guardsmen said the ice was thin and treacherous along the three-mile course of Brust's trek. Brust, who resigned last July from the Cleveland Fire Dept., said: "I only went for a walk."

### Reds To Visit Sudan

KHARTOUM, Sudan (AP)—A 19 man Soviet economic delegation is expected here Jan. 22 to discuss the offer of aid which the Sudan has accepted in principle.

### Little to Show

RACINE, Wis.—The thief who smashed a display window at the Sanitary Meat Market got a hollow victory.

Missing was a container of canned ham, but the proprietor told the police the missing can, like the others in the window, was empty.

# Wilmington Hands Tigers First League Loss, 52-36

Circleville's cage Tigers tasted first defeat in South Central Ohio League play last night at Wilmington as the host Hurricane stormed to a 52-36 decision.

A tight pressing defense which allowed the Tigers few shots at the hoop proved to be one of the main reasons for the Wilmington win. The locals tried desperately to solve the stubborn defense, but to no avail.

The win by Wilmington moves the Hurricane into a deadlock with the Tigers for first place in the SCOL. Both teams now own 4-1 records.

The pesky Wilmington defense gave the Tigers fits all evening. Finding it rough sledding in getting the ball up the floor, the CHS force managed to get only 36 shots from the field. The press also brought about many turnovers and other miscues.

CIRCLEVILLE hit 12 times for a 33 per cent average. The locals collected 12 foul shots, but missed on 14 free throw attempts. Wilmington did a little better in the shooting department, hitting 20 of 48 attempts for a 41 per cent average. The Hurricane collected 12 of 24 foul shots.

Circleville bounced to a 10-6 lead late in the first period, but Wilmington knotted the count at 10-10 as the quarter ended. The Tigers fired only five times in this frame, but made good on all five as Don Rowland swished in three long ones and Hannahs dunked two from underneath.

As the second quarter got underway, Wilmington employed its

pressing defense and the picture immediately turned in favor of the hosts. Although the score was deadlocked at 18-18 midway in the

## Darby Downs Monroe for League Win

Darby took a step nearer an undefeated basketball season and a perfect league slate last night with a 71-51 win over invading Monroe.

The Trojans now are riding the summit of 10 straight victories, six of which are in league play. Darby got off to one of its noted fast starts, leading 27-8 at the end of the first quarter.

This lead was increased to 42-25 at halftime. During the first half, the Indians had more than they could handle in the way of Trojans Tommy Walters, Tommy Liff and Alvin Cox.

During the entire game, Walters and Liff stole the ball from Monroe 14 times and turned these thefts into scores. Walters took game scoring honors with 25 points, followed by teammate Liff with 16 and Musselman, 13.

MONROE'S Larry Bigam and Steve Fuller led their squad with 16 and 13 points respectively. Darby instituted a fast break that had Monroe in a "tailspin" until the final quarter when it managed to outscore Darby, 15-10, after trailing at the third period mark, 61-36.

The Trojans used 1-2-2 and 1-3-1 zone defenses. Monroe countered with 2-3 and 1-2-2 zones and man-to-man defenses. Darby shot 60 per cent from the free throw line, notching nine of 15 attempts.

During the first half, Darby shot 52 per cent, and averaged 44 per cent for the game. Liff and Walters made the margin of difference with their passing off and defensive ball stealing.

Darby downed Monroe in the reserve encounter, 42-24. Jerry Vance and Bill McGee were tops for the Trojans with 13 points each.

Monroe was led by Boyssil and Roy with seven apiece. The Indian varsity is now 4-7 overall and 2-3 in league play. Darby is the only undefeated team left in the county.

## Walnut Clips Jackson, 96-65

Tigers Uncork First Win in Five Outings

Walnut hit the winning circle for the first time in five outings last night with a sterling 96-65 win over invading Jackson.

The Wildcats were no match for the "hepped-up" Tigers, who were ready to break loose against someone and Jackson happened to come along.

Walnut burned the nets for a 59.2 per cent shooting average, connecting on 42 of 71 attempts from the field. At the free throw line Walnut stripped 12 of 19 offerings for 63.1 per cent.

Jackson was outmanned under the boards as Walnut's Bill Brewer and Boyd Barr completely dominated bucket control. Aiding the Walnut attack was the adept play of its defense which repeatedly stole the ball.

THE REBOUNDING of Barr and Brewer enabled Walnut to get its fast break working. Numerous times during the fray, the Tigers raced down court with a three on one or two on one situation.

The Tigers doubled the score on Jackson in the first period, 22-11, and widened their margin to 20 points by halftime, 47-27. The rebounding of Charlie Galloway and outside shooting of Jerry Brigner couldn't stem the Walnut tide of victory.

The Tigers pulled away to a 72-42 third quarter lead and sent in substitutes to play the last six minutes of the contest. Ten Walnut men scored, with Barr getting 28 and Brewer 21, to lead the Tigers.

Darby Weaver contributed 19 points to the Walnut cause. Jackson's Brigner tied Barr for scoring honors with 28 and Galloway chipped in with 21.

Walnut showed excellent teamwork and began regaining good form after a weak holiday show. Jackson attempted to use a man-to-man defense which Walnut shattered.

Brigner tallied consistently from the outside and Galloway gunned from the corner. Walnut's record is 3-6 overall and an even two-all in league play.

Jackson sports a 1-9 season record and a 1-5 slate in the league. Walnut notched the reserve win, 44-34. Forster with 17 and Tussing 13, led the Tigers. Jackson's Webb and Eitel with 20 and eight points respectively held forth for the Wildcats.

## Williamsport Blasts Scioto, 77-54, in Top League Upset

Williamsport ended any Scioto hopes of going through the 1958-59 basketball season without a loss as it upset the invading Buffaloes last night, 77-54.

The Deers whipped Scioto as David Myers and Nick Stonerock provided the offensive power with 49 points, and Bob Reeser contributed the defensive thrust by holding Scioto's Dickie Melvin to 10 points before fouling out early in the fourth period.

Melvin, presently leading the County individual scoring race with a 25.3 average, tallied 16 points after Reeser left the battle, but to no avail.

The Deers dominated play from the start, taking a 14-10 first quarter lead, which it never relinquished. The Deers held a half-time advantage of nine points, 31-22.

A 10 POINT spread, 17-7, in the third period, broke the game wide open and Deerecock coasted to its eighth victory against five defeats. Williamsport sent 29 points through the nets in the final quarter and Scioto retaliated with 25.

In the middle of the third period, Williamsport went into a stall, leading 38-29. Scioto, using a 1-2-2 zone defense, resorted to a man-to-man defense in an effort to break up the Williamsport delaying tactics.

## Williamsport Blasts Scioto, 77-54, in Top League Upset

Williamsport ended any Scioto hopes of going through the 1958-59 basketball season without a loss as it upset the invading Buffaloes last night, 77-54.

The Deers whipped Scioto as David Myers and Nick Stonerock provided the offensive power with 49 points, and Bob Reeser contributed the defensive thrust by holding Scioto's Dickie Melvin to 10 points before fouling out early in the fourth period.

Melvin, presently leading the County individual scoring race with a 25.3 average, tallied 16 points after Reeser left the battle, but to no avail.

The Deers dominated play from the start, taking a 14-10 first quarter lead, which it never relinquished. The Deers held a half-time advantage of nine points, 31-22.

A 10 POINT spread, 17-7, in the third period, broke the game wide open and Deerecock coasted to its eighth victory against five defeats. Williamsport sent 29 points through the nets in the final quarter and Scioto retaliated with 25.

In the middle of the third period, Williamsport went into a stall, leading 38-29. Scioto, using a 1-2-2 zone defense, resorted to a man-to-man defense in an effort to break up the Williamsport delaying tactics.

## Kingston Drops Fifth To Frankfort

Kingston "stuffed its toe" last night and fell before invading Frankfort, 55-35, as nothing went "right" for the scrappy Redskins.

Kingston looked nothing like the team that just last week handed Ross County stoutest, Clarksburg, its second loss in 12 starts, 60-59.

The Redskins got off to a fairly good start against the Frankfort Bobcats, trailing 13-15 at the end of the first quarter. Then the "roof fell in" as Frankfort outscored Kingston, 15-6 in the second stanza, to lead at halftime, 30-19.

Kingston could never get back in the game as the Bobcats led 39-24 at the third period mark. The Redskins shot 19 per cent from the field, notching only 12 of 62 attempts.

FROM THE free throw line, Kingston made 11 of 16 offerings for 62 per cent. Frankfort, meanwhile, hit 35 per cent from the court connecting on 23 of 66 tries.

The Bobcat success at the foul line was phenomenal as they sized the nets for 82 per cent, sending nine of 11 attempts through the oval.

Kingston's 2-3 defense, then zone press and finally man-to-man worked well on Frankfort's top scorer, Marvel Simmons, but it forgot about guard Ragland who chalked up 16 points on long shots from far out.

Simmons shot often but couldn't find the range. He finished the night with 14 points on shots from the key hole and the side. Bowdle aided the Bobcats with 16 points.

Only Kingston's Gene Sims hit the double figure column, tipping the nets for 10 points on corner shots. Bill Chaffin added eight to the losing cause.

Frankfort used 2-1-2 and 2-3 zone defenses to baffled the Kingston attack. The Bobcats are now 6-2 in Ross County League play and near the top in the standings. Kingston has a 1-4 record.

Overall the Redskins are 7-5. Frankfort swept the double-header with a 40-28 reserve win. Seyfang led the Bobcats with 13 points and Kingston was paced by Congrove with seven points.

## Centralia Wins At Buckskin

Centralia evened its slate at 6-6 last night with a 25 point fourth quarter outburst against host Buckskin, to win 65-57.

The Bulldogs' fast breaking offense was handicapped by the small court of Buckskin, but it started clicking in the final period, when Sonny Harrison garnered 11 points.

Last night was no exception for Centralia's bothersome personal fouling. It lost starters Chuck Weaver, Jerry Kutschbach and Elwood King before the final whistle.

Fine defensive ball was played by Tom Haynes and Gary McNeal, replacements, in the final count.

CENTRALIA bounced to a 13-7 first quarter lead, which it lost at halftime as Buckskin churned for a 27-26 lead. Buckskin increased this to six points at the third quarter mark, 46-40.

## Stoutsville Clips Berne Union, 60-56

Stoutsville's hustling Indians moved into a tie for first place in the Fairfield County cage league by virtue of a 60-56 win at Berne Union last night.

It marked the fifth straight league win for the Indians, giving them a deadlock with Pickerington for the loop's top spot. Highly regarded Pleasantville lost its first league game last night to Carroll, 75-74.

# Wilmington Hands Tigers First League Loss, 52-36

Circleville's cage Tigers tasted first defeat in South Central Ohio League play last night at Wilmington as the host Hurricane stormed to a 52-36 decision.

A tight pressing defense which allowed the Tigers few shots at the hoop proved to be one of the main reasons for the Wilmington win. The locals tried desperately to solve the stubborn defense, but to no avail.

The win by Wilmington moves the Hurricane into a deadlock with the Tigers for first place in the SCOL. Both teams now own 4-1 records.

The pesky Wilmington defense gave the Tigers fits all evening. Finding it rough sledding in getting the ball up the floor, the CHS force managed to get only 36 shots from the field. The press also brought about many turnovers and other miscues.

CIRCLEVILLE hit 12 times for a 33 per cent average. The locals collected 12 foul shots, but missed on 14 free throw attempts.

Wilmington did a little better in the shooting department, hitting 20 of 48 attempts for a 41 per cent average. The Hurricane collected 12 of 24 foul shots.

Circleville bounced to a 10-6 lead late in the first period, but Wilmington knotted the count at 10-10 as the quarter ended. The Tigers fired only five times in this frame, but made good on all five as Don Rowland swished in three long ones and Hannahs dunked two from underneath.

As the second quarter got underway, Wilmington employed its

Walnut Clips Jackson, 96-65

Tigers Uncork First Win in Five Outings

Walnut hit the winning circle for the first time in five outings last night with a sterling 96-65 win over invading Jackson.

The Wildcats were no match for the "hepped up" Tigers, who were ready to break loose against someone and Jackson happened to come along.

Walnut burned the nets for a 59.2 per cent shooting average, connecting on 42 of 71 attempts from the field. At the free throw line Walnut stripped 12 of 19 offerings for 63.1 per cent.

Jackson was outmanned under the bankboards as Walnut's Bill Brewer and Boyd Barr completely dominated bucket control. Aiding the Walnut attack was the adept play of its defense which repeatedly stole the ball.

THE REBOUNDING of Barr and Brewer enabled Walnut to get its fast break working. Numerous times during the fray, the Tigers raced down court with a three on one or two on one situation.

The Tigers doubled the score on Jackson in the first period, 22-11, and widened their margin to 20 points by halftime, 47-27. The rebounding of Charlie Galloway and under shooting of Jerry Brigner couldn't stem the Walnut tide of victory.

The Tigers pulled away to a 72-42 third quarter lead and sent in substitutes to play the last six minutes of the contest. Ten Walnut men scored, with Barr getting 28 and Brewer 21, to lead the Tigers.

Dave Weaver contributed 19 points to the Walnut cause. Jackson's Brigner tied Barr for scoring honors with 28 and Galloway chipped in with 21.

Walnut showed excellent teamwork and began regaining good form after a weak holiday showing. Jackson attempted to use a man-to-man defense which Walnut shattered.

Brigner tallied consistently from the outside and Galloway gunned from the corner. Walnut's record is 3-6 overall and an even two-all in league play.

Jackson sports a 1-9 season record and a 1-3 slate in the league. Walnut notched the reserve win, 44-34. Forster with 17 and Tussing 13, led the Tigers. Jackson's Webb and Eitel with 20 and eight points respectively held forth for the Wildcats.

Williamsport ended any Scioto hopes of going through the 1958-59 basketball season without a loss as it upset the invading Buffaloes last night, 77-54.

The Deers whipped Scioto as David Myers and Nick Stonerock provided the offensive power with 49 points, and Bob Reeser contributed the defensive thrust by holding Scioto's Dickie Melvin to 10 points before fouling out early in the fourth period.

Melvin, presently leading the County individual scoring race with a 25.3 average, tallied 16 points after Reeser left the battle, but to no avail.

The Deers dominated play from the start, taking a 14-10 first quarter lead, which it never relinquished. The Deers held a half-time advantage of nine points, 31-22.

A 10 POINT spread, 17-7, in the third period, broke the game wide open and Deereck coasted to its eighth victory against five defeats. Williamsport sent 29 points through the nets in the final quarter and Scioto retaliated with 25.

In the middle of the third period, Williamsport went into a stall, leading 38-29. Scioto, using a 1-2-2 zone defense, resorted to a man-to-man defense in an effort to break up the Williamsport delaying tactics.

Both quintets were frigid in the first half as the score read 12-7, in favor of the Warriors at the end of the first quarter and 22-14 at halftime.

Action increased in the third period as Salt Creek tallied 25 points to Atlanta's 20 for a third period lead of 47-34.

Perry finally hit its stride in the final stanza, outscoring Salt Creek, 19-10, but the Warriors withstood the pressure for its fifth win against four defeats.

GARY VALENTINE provided the spark that set off Salt Creek's second half 35-point scoring spree. He wound up with 30 points, coming from all over the court.

Both teams made many mistakes. Salt Creek maintained basketball control in the first half but found the tables reversed in the final two quarters.

The Warriors hit approximately 37 per cent to Atlanta's 25. Both teams shot around 52 per cent from the free throw line.

It was Dad's Night at Salt Creek with the teams' fathers seeing a contest of hit and miss, hot and cold ball playing.

Leading the scoring for Perry were Ronnie Morris, Darrell Long and Norman Huffman with 15, 11 and 10 points respectively. By virtue of last night's win, Salt Creek moved into the league's third position with a 4-2 record.

Atlanta remained in the cellar with six losses in a row. Perry is 3-8 for the season.

Salt Creek walloped Atlanta in the reserve game, 34-20. Hart was high for the Warriors with nine points. McCoy led Atlanta with seven.

## Williamsport Blasts Scioto, 77-54, in Top League Upset

Williamsport ended any Scioto hopes of going through the 1958-59 basketball season without a loss as it upset the invading Buffaloes last night, 77-54.

The Deers whipped Scioto as David Myers and Nick Stonerock provided the offensive power with 49 points, and Bob Reeser contributed the defensive thrust by holding Scioto's Dickie Melvin to 10 points before fouling out early in the fourth period.

Melvin, presently leading the County individual scoring race with a 25.3 average, tallied 16 points after Reeser left the battle, but to no avail.

The Deers dominated play from the start, taking a 14-10 first quarter lead, which it never relinquished. The Deers held a half-time advantage of nine points, 31-22.

A 10 POINT spread, 17-7, in the third period, broke the game wide open and Deereck coasted to its eighth victory against five defeats. Williamsport sent 29 points through the nets in the final quarter and Scioto retaliated with 25.

In the middle of the third period, Williamsport went into a stall, leading 38-29. Scioto, using a 1-2-2 zone defense, resorted to a man-to-man defense in an effort to break up the Williamsport delaying tactics.

## Laurelville Tops Union Furnace

Laurelville avenged an earlier Hocking County League defeat at the hands of invading Union Furnace last night with a 45-43 win accomplished in the last two seconds.

The game's leading scorer, Wildcat Tommy Wiggins, was fouled as he was driving in for a final shot in the tie game. He netted both attempts and Laurelville copped win No. 7 against five defeats.

UF handed the Wildcats a 55-34 loss during the first half of league play. Both teams sport identical 6-2 records for the league lead.

Union Furnace, nicknamed the Warriors, took an 11-8 margin at the end of the first quarter after exchanging the lead with the Wildcats several times during the period.

LAURELVILLE forged ahead in the second canto with a 17 point spurge against UF's eight to lead at intermission 25-19. The Wildcats remained on top to stay as Max Young, 14, split the nets from the side and Wiggins kept the Warriors off balance with his front court shooting.

Laurelville held a 36-29 third period margin but was outscored in the final quarter, 14-9, as UF's Walter, standing 6-4, re-entered the contest to dominate the bankboards.

The winners led by as much as 12 points in the third stanza, but couldn't halt the underneath shooting of Myskiver and front floor shooting of Bumgardner.

The Warriors used a zone defense, while Laurelville employed a man-to-man. A total of 23 fouls were called, 10 on Laurelville and 13 on UF.

Union Furnace captured the reserve encounter, 29-25, in a close and hard fought battle. Barston, Woods and Vermillion each tallied six for UF. Gary Hunt was top man for Laurelville with nine markers.

# Ashville Topples Pickaway, 53-48

By J. I. SMITH III  
Herald Staff Writer

A one man performance by Harry Lee, who netted 31 points, was not enough for the Pickaway Pirates to whip Ashville as the Broncos continued their "come back" with a 53-48 win last night on the Pirate court.

Lee was sensational with deadly jump shots from the corner and side. He scored all but four of Pickaway's 24 points in the first half before the Broncos altered their defense to prevent Lee's wide-open shooting.

The Broncos committed 18 turnovers, had difficulty working the ball into the bucket and were outshot from the field as far as percentages are concerned.

Pickaway notched 20 of 62 attempts from the floor for 32 per cent, compared to Ashville's 23 of 77 tries for 29 per cent. At the foul line Pickaway hit 57 per cent on eight of 14 offerings. Ashville connected on seven of 12 attempts for 58 per cent.

BIGGEST HANDICAP to the Ashville offense, which uses the dual pivot, was the narrowness of the Pickaway court. It took little to completely bottle up the Bronco middle and lessen the threat of Ashville's Bobby Hoover and Tom Rathburn.

Hoover was held to 14 points due to his teammates' inability to pass to him.

Ashville caught fire as the game started, zooming to a 12-0 lead before Pickaway's Harry Lee zipped in his first of 14 field goals for the evening. The Pirates initial score came with 4:45 gone in the period.

Pickaway rallied to trail 10-16 at the end of the first stanza, Lee copping all the points. Rathburn kept the Broncos ahead, sending eight points through the nets.

The Pirates came to life in the second period as Lee was joined by Nathan Wilson to come within two points of Ashville at halftime. In the middle of this canto, Pickaway took its only lead, 20-19, but a Hollenback jump shot from out front put Ashville back into the lead for good.

The Broncos apparently couldn't work the ball in toward the bucket. Instead, Jim Gregg and Jim Franks popped from out front in hopes of scoring or having Hoover and Rathburn rebound.

NEITHER TEAM was able to rebound consistently on defense. Lee tallied 10 points for the Pirates in the second period and Hollenback led Ashville with six. The Broncos led, 26-24.

Ashville found that "old spark" in the third quarter and pumped in 13 points to Pickaway's five for a 39-29 lead. Ashville's back men
